

Microsoft Store

ADVANTAGES

- ✓ User-Friendly
- ✓ Remote Access on PC and Phone
- ✓ Reduced Lab Visits
- ✓ 24/7 RealTime Data Management
- ✓ Accurate Data Recording
- ✓ Time-Saving Technology
- ✓ Cost Effective

WHY CV-SMARTVISION?

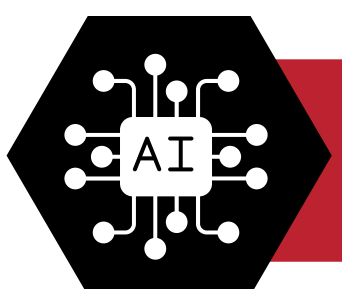

- ✓ **Animal Health**
Ensures rodent health and safety via activity monitoring and food control
- ✓ **Real-Time Data Management**
Analyze real-time data, identify changes in behavior patterns invisible to human eye
- ✓ **Increased Efficiency & Safety**
Allows remote continuous monitoring and data collection without human intervention
- ✓ **Improved Experiment Quality**
Improves experiment quality, increases data accuracy and minimizes errors
- ✓ **Control of Multiple Cages**
Effortlessly control multiple units remotely with the user-friendly app
- ✓ **Activity History - AI Report**
Allows researchers to track the history of mouse activity and its location

1 Year Hardware
Warranty Included

2 Years Software
Warranty Included

3 Years AI Modules
Updates Included

EASY TO SETUP

Download the App from Microsoft Store (FREE)

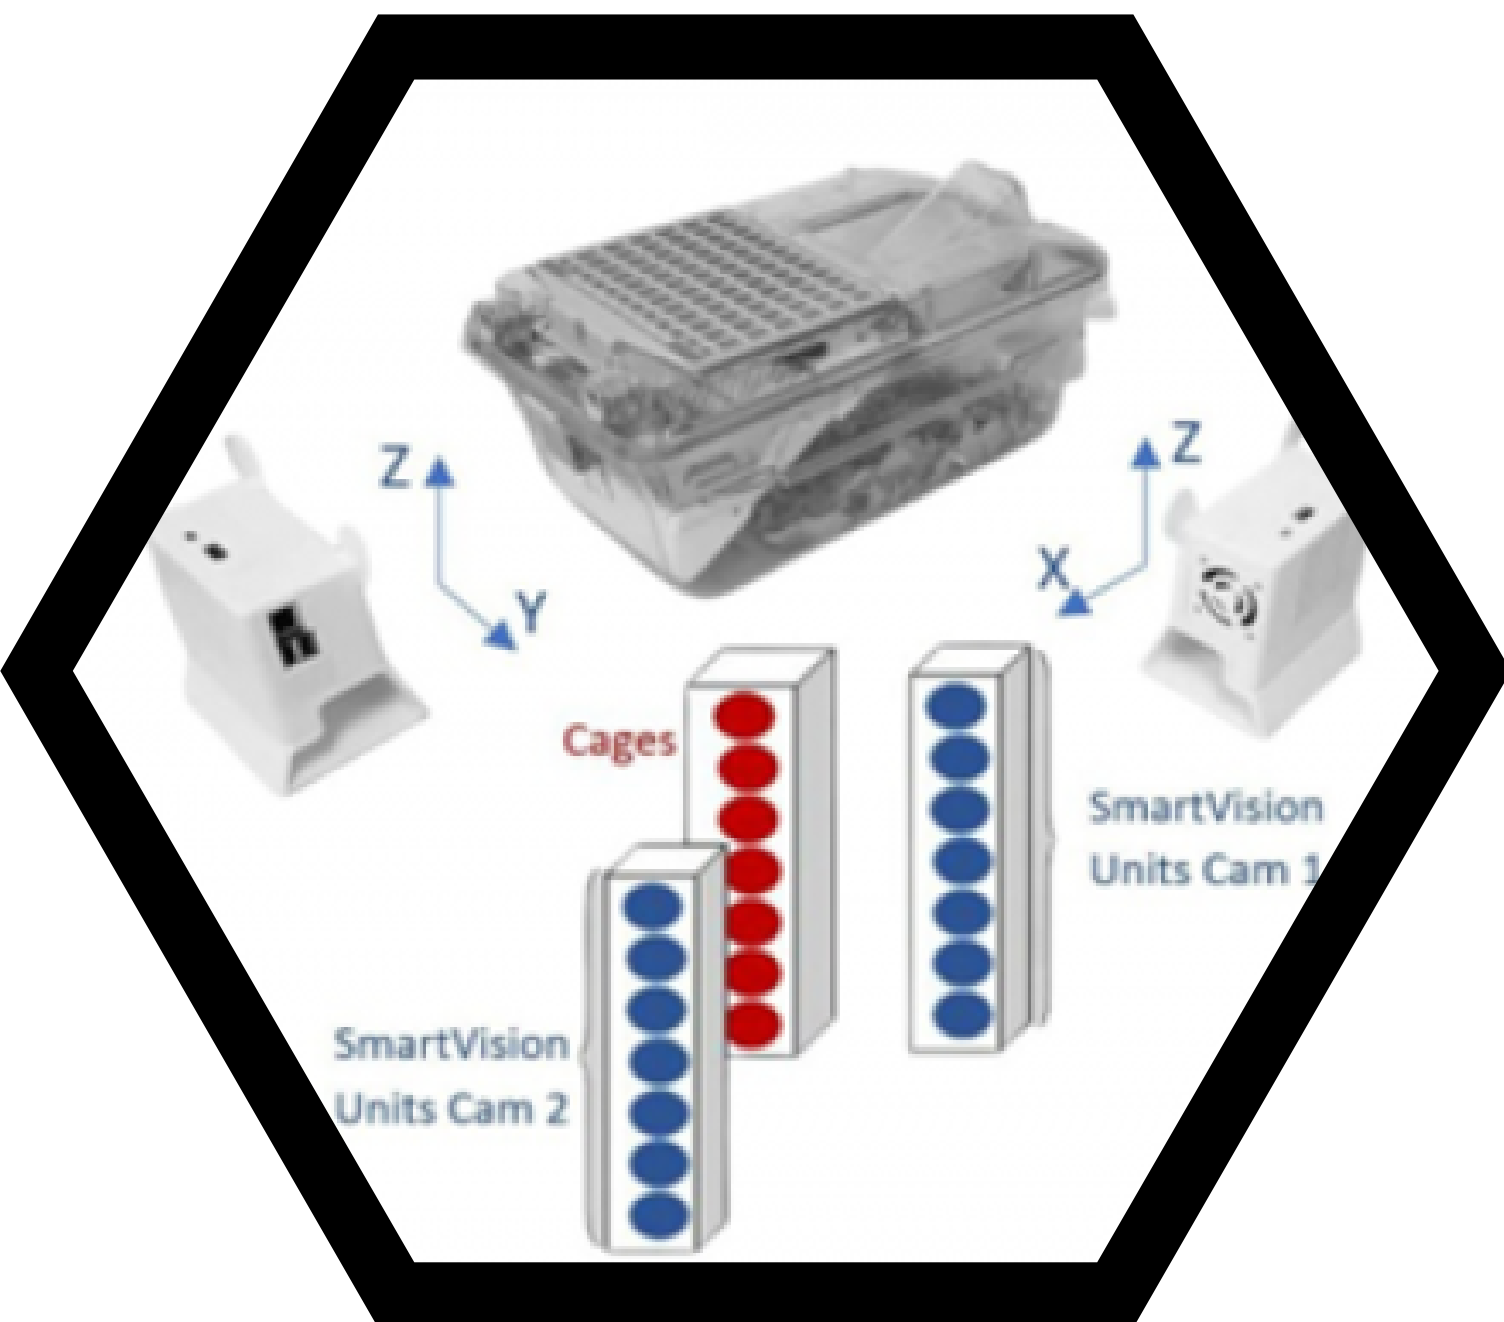

Run the App

Connect the units to the App

Start monitoring and collecting data

3D MEASUREMENT

CAGEVIEW APP

- ✓ Real-time AI-powered monitoring platform
- ✓ Tracks live rodent movement using AI-powered software
- ✓ History of rodent movements tracked, stored, and reported using graphical tools and metrics
- ✓ Remote "anywhere" access via a PC
- ✓ 2D and 3D measurements of rodent's activity and AI reports

APPLICATIONS

- ✓ Musculoskeletal Disorders
- ✓ Behavioural Disorders
- ✓ Systemic and Multi-Organ Disorders
- ✓ Post Lethal Treatments Monitoring
- ✓ Intermittent Fasting & Diet Control
- ✓ Peripartum Monitoring
- ✓ Peri-Surgery Monitoring
- ✓ PET-FDG Scan
- ✓ Neurological Disorders
- ✓ **And many more ...**
