

DenTeachTM

Next Generation Dental Education - Basic Edition

DenTeach is a class of next generation learning for improved dental education.

Why DenTeach?

- ✓ **Reduce Demand on Instructors** - Students can practice, learn, and self-assess on their own, plus have access to pre-recorded class sessions.
- ✓ **Portable "Anywhere" Learning** - Access online courses through the **DenTeach** cloud-based library from anywhere using portable devices.
- ✓ **Instructor Grading Tool** - Provides computerized, consistent, and objective grading metrics.
- ✓ **Unlimited Student Practice Time** - Students can re-watch lessons to help increase task proficiency.
- ✓ **Instructor Class Manager Interface** - Allows for live, one-on-one communication with students and provides real-time and historical performance scores.
- ✓ **Cloud-based Library** - View and replay online teaching sessions allowing for more practice via a virtual dental instructor tool, anytime, anywhere.

DenTeach utilizes its advanced hardware to enhance the transfer of knowledge from instructor to students!
